

CLD SERIES PORTABLE CONTAINMENT SUMP TESTER

THIRD-PARTY CERTIFIED FOR 15 MINUTE TEST

The CLD Series Sump Tester is available in one to eight probe versions. Each system is conveniently stored in a durable case equipped with wheels for ease and accessibility. Pull up, set up, and test in as quick as 15 minutes. Results print out and can be stored internally.

Each system includes:

- (1) Case with wheels
- (1) PROTEUS OEL8000III-CLD* microprocessor-based controller with printer
- (1) RS-232 port
- (*) MTG-probe input connectors (1 per probe)
- (*) MTG-probes with suspension chains with "s" hooks (1 per probe)
- (*) 50ft MTG-probe cables (1 per probe)
- (1) 12ft three-pronged power cord

**quantities reflect CLD Series version purchased (ie. CLD 1, 2, 3, 4, 5, 6, 7, & 8)*
