**LATITUDE
PRO ARC FLASH**

Versatile. Dependable. Revolutionary.

- Heat and fire resistant for use in arc flash, hot works and welding environments
- Engineered for premium performance in extreme heat conditions
- Internal brake system unique to our Latitude Pro products increases dependability while eliminating the need for an external shock pack

Premium side payout housing gives user complete confidence in a full, continuous retraction

360/180° attachment point provides full range of motion for increased freedom of movement

Nomex® flame-resistant cover protects label during a high heat or arc flash event

Kevlar® branded webbing plus minimal exposed material to protect against UV damage

- Clear housing allows for easy inspection
- Heavy duty formulated resin for utmost durability
- Semi-sealed pawl assembly keeps dirt out to protect components

SPECS

- Capacity 130-310 lbs.
- Meets ASTM F887 Arc Flash standard
- Meets ANSI Z359.14, ANSI A10.32
- Meets OSHA 1926-502
- Meets NFPA 70E
- 40 cal rated
